MAINE IS SHAKEN BY AN EARTHQUAKE

Earth Trembled and a Sound Like Thunder Heard.

SHOCK WAS OF SHORT DURATION

Little Damage is Reported as the Result of the Convulsion—State Geologist is Investigating Probable Cause. Shock Felt in New Hampshire.

Portland, Maine, July 17.—A slight earthquake shock at 2:10 a. m. today was followed in a few seconds by a heavier one. No damage was reported. The shocks are said to be heavier than those experienced March 31, 1904. They were reported very severe at Augusta, Bangor, Lewiston, Rockland and Brunswick. Reports from Thomaston say that one shock was felt there shortly after 5 o'clock of about 15 seconds' duration. The state prison and houses at Thomaston were shaken noticeably and dishes and stove-covers rattled.

Biadeford, Saco and Old Orchard, also noticed the shock at 5:05 this morning. The earth trembled and there was a sound like distant thunder. The convulsion was of but a few seconds' duration.

At Bangor there was one long rumble which rattled dishes and shook buildings. State Geologist Leslie A. Lee, of Bowdoin college, said as near as he could judge the tremulous agitation passed from east to west at 5:10 o'clock and was between 7 and 10 seconds' in duration. There is no instrument at Bowdoin for registering the velocity and strength of the concussion. Professor Lee said it was one of those shocks which is caused by the slipping of rock on the side of a fissure at some considerable depth, probably two or three miles, as a result of long continued strain.

It also could have been stimulated by an explosion of some kind. Professor Lee could not locate from reports received, the center of the shock.

Shock Felt at Concord, N. H.

Concord, N. H., July 17.—An earthquake shock was distinctly felt in this city at 5:10 o'clock this morning. Telegrams from other points show that distinct earthquakes were felt over the southern part of the state at about the same hour.

NEWS FROM MIKADO'S DOMAIN.

Chances for Russian Army Assuming Aggression Are Diminishing.

Tokio, July 17—An army officer who has returned from Manchuria says that the expectation that General Linevitch would assume the aggressive is diminishing. The Russians, who formerly conducted the most active reconnaisance, General Linevitch with his staff personally going to the advanced line and discover the position of the Japanese and their strength have ceased and it is believed that General Linevitch's tactics are now to be non-aggressive and entirely on the defensive.

Reports of the existence of epidemics and contagious diseases among the Russians continue to reach the Japanese army.

The Jiji discussing today the substitution of M. Witte, for ambassador, Muravieff says that the recall of the latter recalls his speech at the Hague. The article says:

"The higher standing and long experience of M. Witte and his love of peace improves the situation. Later details from Karsakovsk say that the fire which continued to burn until July 10, practically destroyed the town.

Crusade Against Bucketshops.

New York, July 17.—For a crusade against bucketshops it was reported in brokerage circles yesterday that a movement is on foot among the exchanges of the country for a general conference. The New York exchange it was learned, may be invited to send a report to the conference which may be held in this city, but it is unlikely that it will take part as its policy is

SCHOLARSHIP IS SECONDARY.

Well-To-Do Students of Yale Study Society Instead of Books.

New Haven, Conn., July 17.—Dean Wright of the Yale academic department in a report to President Hadley says that one of the worst evils in Yale is the segregation of rich students in expensive dormitories. He said:

"Perhaps the most serious evil connected with this segregation of the well-to-do students is that it is bringing together, especially in the sophomore year, those who aim to form the society sets whose chief purpose in college is popularity and social recognition and to whom for this reason, the claims of scholarship become secondary. So many of the men who have been members of the junior and senior society have remained in these sections that there is more or less prevalent feeling that room there helps one's chances for social advancement and this is undoubtedly true.

"If the social honors of college are to have any value, all men should have an equal value, all men should have an equal chance to gain them. The Yale spirit of fairness is offended when honors are bestowed upon an inferior man, because of wealth or superior location, or the influence of friends, has had an unfair advantage over his fellows."

WANT RECIPROCAL TREATIES.

Merchants' Association Desires Ratification of New Measure.

New York, July 17.—The Merchants' association through its committee on reciprocity treaties, has sent circular letters to some eight thousand business men and trades organizations urging them to use their influence to obtain the negotiation of reciprocal treaties with Europea nations.

The influence to obtain the negotiation of reciprocal treaties with European nations.

The influence of business men is asked to urge upon United States senators the importance of the ratification of the reciprocity treaties.

Important changes are about to be made, and have been made in the tariff systems of nearly all of continental Europe and unless some favorable agreements can be made between these nations and the United States, the merchants association fears a disastrous effect upon the export trade of the United States. The circular letters urge the carrying out of the recommendations for reciprocity treaties made by President McKinley in his speech at Buffalo a few days before his assassination.

PRESIDENT ENJOYING HIMSELF.

Secretary Loeb and Wife Will Visit Yellowstone Park.

Oyster Bay., L. I., July 17.—Taking advantage of the beautiful weather President Roosevelt and some members of his family enjoyed an outing today. They left Sagamore hill early and did not return until the afternoon.

Secretary Loeb did not make his usual trip to the president's home until late in the day. No visitors were received by the president during the day and none is expeced to arrive tonight. It was reported that Harvie Jordan, president of the Southern Cotton Growers' association, was to see the president and urge a general investigation of the agricultural department, but thus far no arrangements have been made for his visit.

Secretary and Mrs. Loeb will leave tomorrow on a month's trip to the Yellowstone park and vicinity. In Mr. Loeb's absence Assistant Secretary James N. Barnes will direct the executive work.

Artists Protest Against Decision.

Rome, July 17.—The artists' union at its annual meeting today adopted a resolution protesting against the recent judgment of Justice Leventritt of the supreme court of New York in the case between the Italian sculptor Biondi and the trustees of the Metropolitan Museum of Art of New York, over Biondi's, "The Saturnalia," declaring the decision was against art justice and truth. The artists in the resolution also appealed to the American artists for solidarity among all men who live by thought and are inspired by the supreme ideals of beauty

NEGRO POLICEMAN SHOOTS WHITE GIRL

He Fired Into Mob and Wounds Young Lady.

TROOPS PREVENT A LYNCHING

A Crowd Was Jeering a Nonunion Driver When a Dusky Guardian of the Peace Tried to Disperse Them and Caused a Riot.

Chicago, July 17.—Members of the Eighth regiment I. N. G., rescued a negro policeman from a crowd that was threatening a lynching last night in Thirty-seventh street, near the Rock Island tracks.

The policeman was Fred Locke, who was appointed recently for strike duty. In trying to escape from a mob he opened fire with his revolver, shooting Julia McHugh, 18 years old. A crowd of several hundred persons surrounded the man, bent on killing him, but the Eighth regiment of soldiers came to his assistance.

About 20 of the negro militiamen were on thei, way to the Eight regiment armory, preparatory to leaving for their annaul encampment at Springfield. They heard the shots that Locke had fired at his pursuers and rushed in the direction whence the sound came. The militiamen were in full uniform and armed with rifles.

Under the Rock Island tracks in Thirty-seventh street the policeman was standing off a mob of men and women and flourishing his revolver. There were cries of "Lynch him!" and he feared for his life. He first fired two shots at his pursuers and one of the bullets struck the McHugh girl, who was standing at the curb 200 feet away. Two more shots were fired by Locke, one of the bullets passing through a man's hat. Finally some of the more desperate men rushed in on Locket from all sides and disarmed him. He was knocked down and tampled upon, and it was at this point that the militiamen arrived with their rifles.

Locke was taken to the hospital where his injuries were dressed and later he was locked up. The girl's injuries are not serious.

The trouble was due to an attempt by Locke to disperse a crowd that was jeering a nonunion teamster.

Famous Orchestra Leader Dead.

New York, July 17.—William Withers, of Wakefield, who led the orchestra of Fords theater, Washington, the night of April 14, 1865, when President Lincoln was shot, is dead at his home in that place, at the age of 70 Wilkes Booth stabbed him after leaping from the president's box to the stage and a detective arrested him in the confusion of the moment many in the theater believed Withers fired the shot that killed Lincoln. Hundreds screamed "Kill him! Shoot him!" and he was dragged out of the angry mob to the stage just in time to be saved from being badly hurt.

Georgia All Right Says Lewis.

Savannah, Ga., July 17.—Congressman E. B. Lewis, of the third district, who was in Savannah, was interviewed in regard to state politics. "The governorship," said Mr. Lewis. "Well, you can say that I have little sympathy with those who would have the people believe that we are going to the bow-wows. Georgia is all right, its people are honest, its officers are honest, and those who are trying to make her and her people appear otherwise will have a mighty rocky road to travel."

Youths Edit Georgia Paper.

Roberta, Ga., July 17.—Two bright young Georgia editors are E. Lee McGee and Eugene H. Dennington, aged 16 and 14, respectively, who last week assumed control of the Roberta Tyler, editor and owner. Professor Dennington has for five years been editor of the paper, also superintendent of the school here. Having recently been elected to the schools at Richland, Ga., he leased the paper to the young men.

FAST TRAIN IS WRECKED.

"Pennsylvania Flyer" Hits Freight Car On Main Line.

Harrisburg, Pa., July 17.—Train No. 28 on the Pensylvania road known as "The Pensylvania Flyer," the new 18-hour train between Chicago and New York met with an acident today which, fortunately, did not result seriously.

A westbound freight train nearing Port Royal tried to stop suddenly and the engineer made a too violent application of air, the consequence of which was that a car buckled and was thrown over on Track No. 1, on which the Flyer was speeding east. An attempt was made to flag trains in front and in the rear of the wreck but the break occurred almost simultaneously with the arrival of the flyer and he rain plunged ino he wreck.

The momentum threw the wrecked car from the track, but the flyer did not jump the rails. Engineer Calvin Miller, of this city when he saw the obstruction on the track jumped from the engine and was hurt about the head and back. He was the only one injured on the train. Fireman Garman brought the train to a stop. The passengers, all of whom were in their berths, did not know there had been an accident until after the train had been stoped for some time. They were not even shaken up and none of them was ijured.

A wreck crew soon cleared the track and fireman Garman brought the train to Harrisburg.

TRIED TO POISON HER RIVAL.

Jealous Girl Sends School Teacher Strychnine in an Orange.

Owatonna, Minn., July 17.—Wilda Johnson, a young woman, is under arrest charged with having put poison into a well on the farm of John L. Johnson and with having sent an Orange cotaining strychnine to Mrs. Lundstrum, a daughter of Johnson, was desperately in love with a young man of the neighborhood. She is said to have become jealous of Mrs. Lundstrum, who is a young widow, and with the idea of getting her out of the way, it is charged, she sent the poisoned orange to the school with a note saying it was "for teacher only."

The orange was laid aside and having failed in this direction, the girl is alleged to have poisoned the Johnson well. Fortunately, no one drank of the water, and th ealleged crime was discovered before any disastrous results ensued. The orange was sent to the state chemist and was declared to contain enough strychnine to kill a score of people .

DETAIL ACCOUNT OF FIGHT.

Japanese Tell of Their Invasion of the Island of Sakhalin.

Washington, July 17.—The Japanese legation her has received a cablegram from Tokio detailing the action of the Island of Sakhalin, July 10 and 11 in which the Russians were forced to abandon their positions. The cablegram is as follows:

"The Sakhalin army reports that in pursuing the enemy it dislodged him from the neighborhod of Véladimiroz ka and Bilimeye, 2 miles west of Vladimirozka on the tenth of July and occupied both places. The enemy's main force retreated to fortified positions northwest of Dalineye, where with machine guns, a stubborn resistance was offered. Our army commenced a vigorous attack on the 11th and routed the enemy toward Nakanka, on the dawn of the 11th. The enemy's loss not obtainable, but probably at least 150."

Schedule of Liabilities and Assets.

Cincinnati, July 17.—The schedules of the failed Holzman brokerage firm were filed in the United States circuit court here today showing total liabilities of $347,108, assets $985,586. The latter include Holzman's own estimate of the value of stocks and bonds held by the firm, but the exact value cannot be known until the bonds are put on the market. The assets have been distributed in all sections of the country as security for loans. Ross Holzman, a member of the firm, has been missing since the assignment, which fact has made it difficult for the assignee to account fully for various entries on the books of the firm.

PLANTERS WILL AID IN INVESTIGATION

Officers of Cotton Growers' Association In Washington.

NEW REPORT IS NOT PROBABLE

Henry G. Hester, Secretary of New Orleans Cotton Exchange, Will Also Assist the Department of Justice in Probing Cotton Leakage Report.

Washington, July 17.—Harvie Jordan, president of the Southern Cotton Growers' association, arrived here today and immediately went into conference with Richard Cheatham secretary of the same association and Henry G. Hester, secretary of the New Orleans Cotton Exchange, who came to the city in connection with the charges that the government statistics have been juggled for the benefit of stock brokers.

The cotton men met at the office of Colonel Hester at the Ebbitt and of the business under consideration. None of hem would state the character of the business under consideration beyond saying that the officials of the two organizations in every way possible will assist in the investigation of the charges which is being conducted by the department of justice.

Mr. Jordan denied that he had come in New York with a view to going to Oyster Bay to lay the matter before the president, and he would not say that he had an appointment to see the president at any time. Thus far there ha sbeen no determination by Chief Statistician Hyde to order the new cotton acreage report which Colonel Hester requested the department to make. The last report was prepared from figures made on May 25. It is believed that the government agents included in their figures estimates of the cotton acreage that was likely to be planted after May 25. If correspondence develops that this was not done, then a new estimate will be made.

The government statisticians are now gathering data for an estimate of the tobacco crop, but it has not been decided what form it will be be issued.

FOUR KILLED; SEVEN INJURED

Head on Collision Between Freight Trains Results Fatally.

Mt. Vernon, Ind., July 17—In a head on collision between two freight trains on the Louisville and Nashville railroad near Upton today four persons were killed and seven injured some fatally. The dead:

John Spradley, Evansville.

Leonard Price, Nicholasville, Ky.

Unknown tramp, supposed to have lived at Louisville.

L. G. Crozier, Owensboro, Ky., a brakeman.

Fatally injured: Engineer Lawrence Michael, Evansville. Seriously injured: Conductor T. E. Chowter, Evansville, hurt internally; John Van Cleave, Charles Ballard, of Carmi Ill.

Brakeman J. M. Deweesee, Engineer James Joyce and Fireman Denning, all of Evansville, were less seriously injured.

All of the injured were taken to Evansville.

A train dispatcher, it is said mistook the number of the train and after they had started realized his error and telephoned to the telephone operator at Upton who hastily summoned a number of persons from their beds to flag the trains, but the collision occurred before those awakened could raech the tracks.

Receiver Appointed in Illinois.

Peoria, July 17.—Through an order published by Judge Otis Humphrey and filed in the United States court in this city, Walter Reeves was appointed a receiver for the Devlin, Ill., properties, to act in conjunction with J. E. Hubley, and Cyrus Leland who were recently appointed receivers of the Kansas properties. The bond of Mr. Reeves is fixed at $250,000 and the receivers are authorized to borrow $50,000.

ANOTHER HOMICIDE IN NORTH END

Lou Sessions Shot and Killed at Newnansville Saturday Night.

THE PARTICULARS ARE SCANT

It is Said that Slaughter Was Arrested for the Crime and Was Probably Arraigned Before Justice Caswell.

Information reached Gainesville of another tragedy in the northern section of the county Saturday night, which occurred at Old Newnansville. No particulars were learned, as it seemed that no one knew or would consent to give any information regarding the deplorable affair. However, it was learned that a young negro man by the name of Lou Sessions was shot and killed in that settlement, and it is said another young white man, named Slaughter, was arrested and brought to Alachua, where Monday afternoon he was to have been arraigned before Justice Caswell. The result of the trial, if a trial was held, could not be ascertained at a late hour last night, notwithstanding that an effort was made by The Sun to secure information.

WILL BECOME MINISTER.

T. Curry Merchant Will be Received as Candidate Before Presbytery.

T. Curry Merchant, son of Mr. and Mrs. Geo. S. Merchant of this city, who has been attending Davidson College, North Carolina, will be received as a candidate for the ministry at the meeting of the Presbytery of the Suwannee. Mr. Merchant is one of whom not only his church, but the city as well, may feel proud, as he is a young man of most sterling qualities, and a most Christianlike character. His friends here wish him deserved success and victory in the work which he has undertaken, and they feel sure he will make a grand success.

The Presbytery will convene tomorrow for the purpose of accepting Mr. Merchant as a candidate for the ministry.

GAINESVILLE AGAIN HONORED.

Her Business and Professional Men Take High Place in State Affairs.

Sunday's Times-Union gave the information that Governor Broward had appointed Dr. J. Harrison Hodges of this city to be a member of the State Board of Medical Examiners. This is the highest position in the medical circles of the State, and the Doctor's many friends feel proud of this mark of distinction which has been conferred upon him.

The full board as appointed by the Governor is as follows:

Dr. J. Harris Pierpont, Pensacola.
Dr. H. E. Palmer, Tallahassee.
Dr. A. L. Blalock, Madison.
Dr. J. D. Fernandez, Jacksonville.
Dr. J. Harrison Hodges, Gainesville.
Dr. R. L. Harris, Orlando.
Dr. J. B. Maloney, Key West.

In the Mayor's Court.

The mayor held an interesting session of court Monday morning, having an unusually large docket.

The following cases were disposed of in short order, all defendants pleading guilty as charged:

Linda Coleman, fighting, $2.50 and costs.

Sussie Drayton, fighting, $2.50 and costs.

Christine Jackson, using profane language, $2.50 and costs.

His Honor took occasion in passing the sentence to administer a lecture of advice to the defendants, stating that they ought to feel embarassed and ashamed to be pulled up before a public court upon such charges as had been presented, and assured them that if they ever came before him again on similar complaint they would not be dealt with so leniently.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

The friends of Mrs. William Christopher of Jacksonville, daughter of Mrs. S. Y. Finley of this city, who has been quite ill, will be gratified to learn that her condition is greatly improved, and she is now considered out of danger. Mrs. Finley, who was summoned to the bedside of her daughter several days ago, will remain in Jacksonville until she feels absolutely safe to leave.

Phillip Miller of Jacksonville is in the city on a brief visit to his family. Mr. Miller is of the firm of the Miller & Hampton Realty Company, and is rapidly becoming identified with Jacksonville's leading and most progressive citizens, notwithstanding he has been in that city a comparatively short while. The same may be said of his associate, B. F. Hampton, both of whom resided in Gainesville for several years.

The Atlantic Coast Line railroad will have a change of schedule on the 19th which will effect slightly the departure of trains from this city to Jacksonville. The train will leave at 1:30 instead of 2 o'clock p. m. Ticket Agent Goodwin requests The Sun to state that on the excursion, which will be given to Jacksonville tomorrow, every purchaser of a ticket will be required to sign his ticket in the presence of the ticket agent here, and suggests that everyone be on time. No baggage will be checked on these excursion tickets.

A SUDDEN DEATH.

Mrs. Delano, An Aged Lady, Dropped Dead at Cedar Key Friday.

Mrs. Delano, an aged lady of Cedar Key who has been a resident of that town for many years, died suddenly while on the way to her daughter's home Friday. A report from Cedar Key states that she was walking from her own home to that of her daughter, which was quite a distance, and just before reaching her destination she fell dead in the road.

Deceased had been ill for quite a while, and this was her first walk in several weeks. Her death came as a great shock to the people of Cedar Key, as she was well known and quite popular.

Deceased is survived by six children, some of whom are very young, and the sympathy of friends is extended in their hour of trouble.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

NEWBERRY NOTES.

A Religious Wave Strikes That Town. Other News of Personal Interest.

Newberry, July 17.—Our people are on the road to prosperity, both spiritual and temporal. We now have a well organized Baptist church with something like twenty or thirty members. Last month Brother Crumpton conducted a protracted meeting for a week, preaching every evening to a large and attentive congregation. During this meeting five joined by letter and many are joyous over this beginning and hopeful of many more to be added in the near future. We enjoyed listening to two sermons preached by the pastor last Sunday. His morning subject was "The Parable of the Sower," and in the evening "The Lord's Supper." After the sermon the table was spread and the communion followed in an impressive way.

Ira J. Carter is moving into his new residence, which is being completed.

Our town continues to grow and a prosperous and generous people are found here.

Walter Sealey of Alachua, proprietor of the Racket Store, was visiting here Friday.

Mr. Avery of Alachua was a visitor here yesterday.

Forced to Starve.

B. F Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

THE DAILY SUN, 10c a Week.

GAINESVILLE IS ON VERGE OF BIG BOOM

Not a Cyclone of Prosperity, But Something That Will Stay.

MUCH BUILDING CONTEMPLATED

The Municipal Improvements, the Erection of University and Private Buildings and Other Matters, Will Attract People Here.

And real estate continues to move—especially westward, since the University of Florida has been located in that section. There is no section of the city, however, where real estate is not desirable, and those who own property and desire to sell experience no trouble in getting rid of their belongings in this direction.

The Sun made mention Sunday of a valuable deal which had been made to J. R. Fowler of Lennon, which included the transfer of a desirable building lot on the corner of Alachua and Palmetto avenues, stating that Mr. Fowler proposed at an early date to erect a handsome residence thereon.

There were two other deals on Saturday, though they were not made public until Monday. C. A. Colclough purchased from Robert McClellan a tract of five acres at Green Sink, immediately adjoining the new University grounds, which it is understood brought a good figure. T. B. Ellis sold the same day to W. N. Wilson, immediately adjoining this property, a fifteen-acre tract. Both tracts are very valuable, especially owing to their close proximity to the University grounds, and the purchasers intend to improve the same by erecting cottages for rental purposes.

While The Sun cannot at present disclose the information, it is learned upon good authority that a ten-acre tract situated on Liberty street immediately north of the University grounds has been purchased by a wealthy gentleman from South Florida who will move his family here, and who proposes to erect a $12,000 home and beautify the grounds in proportion.

While Gainesville has enjoyed prosperity all along, it is assured that the city is just now on the eve of a season of prosperity which will increase the size and population of the city from fifty to seventy-five per cent within the next twelve months. The great amount of public improvements and building promises to attract a large number of people here, which naturally means the distribution of considerable money.

WILL LOOK AFTER BOARD.

Board of Trade Appoints Committee to Entertain Educational Visitors.

At a recent meeting of the Gainesville Board of Trade, which was well attended, the matter of looking after the comfort of the visiting members of the Board of Education and the Board of Control, collectively and individually, was discussed, and the following committee was appointed to serve permanently for this purpose:

Senator H. H. McCreary, W. N. Wilson, Perry M. Colson, A. M. Cushman, J. Harrison Hodges, Dr. J. F. McKinstry, Jr., Marcus Endel, L. C. Lynch, T. F. Thomas and John B. Dell.

The selection was a good one, and it is needless to assure the people of Gainesville that the members of the boards will be well cared for when visiting the city.

ARREDONDO.

Business is Good—Crops Are Fine. Local and Personal Items.

Arredondo, July 17.—S. Spalding Smith, who has been suffering from typhoid fever, is able to sit up a short time each day.

Venable & Swearingen, turpentine, saw mill and wood contractors, are enlarging their commissary and building a new office. J. C. Smith, their former bookkeeper, has taken the position again.

Frequent showers have interfered with the gathering of corn fodder.

W. M. Bagaley and family of Arredondo have moved to Jacksonville.

John Holly is putting in several acres of potatoes.

The cotton crop is in good condition.

Business is very good here. Sales are fairly large and collections easy.

Miss Beatrice Daniel, the efficient trained nurse, has returned to Jacksonville, after a sojourn of two months in Gainesville and Arredondo. While attending to her duties, she has, by her method and manner, won the confidence and respect of her patients and their friends.

LIVING TOO HASTILY

AMERICAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result—Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

one woman in twenty-five but what suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacement of the womb, spinal weakness or ovarian troubles.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—womb trouble.

Read this letter:

Dear Mrs. Pinkham:—

"I was troubled for eight years with irregularities which broke down my health and brought on extreme nervousness and despondency. Lydia E. Pinkham's Vegetable Compound proved to be the only medicine which helped me. Day by day I improved in health while taking it until I was entirely cured. I can attend to my social and household duties and thoroughly enjoy life once more, as Lydia E. Pinkham's Vegetable Compound has made me a well woman, without an ache or a pain." —Mrs. Chester Curry, 42 Saratoga Street, East Boston, Mass.

At the first indication of ill health, painful or irregular menstruation, pain in the side, headache, backache, bearing-down pains, nervousness or "the blues," secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

REPLY TO DR. KELLEY.

The Discussion of Prof. Ormond Brought to a Close.

Editor Sun: Replying to Dr. Kelley's "open letter" of recent date I beg to assure that gentleman of my appreciation of his advice so kindly given, and his high (?) sentiments so freely expressed. But since, as I stated in my former article, I am not making a personal fight on Dr. Kelley, and since he has seen fit to place the discussion on that plane, I must withdraw from it out of self-respect.

Were I to express my personal and political opinion of Dr. Kelley, as he has of me, the article would not look well in print. I charged the genial Doctor with prejudiced partiality, and since he has not attempted to clear himself my purpose is accomplished. As to the "sacred institutions and customs," which he says I am violating, by teaching as principal of a faculty of white teachers, a training school for colored teachers, I have only to say that they have likewise been violated by Sheats, Holloway, Bucholtz, Murphree, Guilliams, Lynch, Yocum, Miss Clem Hampton, Mrs. Hamilton, and several others as far my intellectual superiors as I am Dr. Kelley's. If this be a crime, Dr. Kelley is likewise guilty in superintending negro schools. Were I afraid of becoming "defunct," the success of those who have preceded me in this work would be a source of consolation and encouragement.

With apologies to Dr. Kelley, the readers of The Sun, and all others to whom this discussion has been tiresome, I remain, Respectfully,

J. A. ORMOND.

Tallahassee, Fla., July 15, 1905.

Lively Fox Chase.

L. W. Fennell, Joseph A. Ettel and a party of friends indulged in a fox chase near the city Monday morning. The genial sheriff had his pack of a hundred dogs, more or less, along, but the fox were scarce—or at least they made themselves "scarce," with the result that only two were jumped, and they were "foxey" enough to get away.

It is very seldom that Sheriff Fennell and his dogs allow a fox to escape them.

LAND OF THE SKY.

Interesting Letter from the Summer Resort of Saluda.

Editor Sun: Thinking a word from the cool mountains of North Carolina might be of interest to your readers, who are now sweltering, I know, in the heat of dear old Florida, I will write a short sketch of Saluda. This little "burg" is situated in the very heart of the Blue Ridge Mountains, thirty-five miles south of Asheville, surrounded on all sides by magnificent mountains, and is the resort of visitors from every State in the Union and is unusually attractive during the summer season, not only on account of the beautiful scenery, lovely drives and walks and delightful climate, but also on account of the cosmopolitan people one meets, their sociability, refinement and intelligence.

It has two large hotels, the Charles and Melrose Inn, and numerous boarding houses, all of which are taxed to their utmost capacity during the summer season. Hack and horse hire is cheap and riding and driving is much indulged in. A large number of cottages are owned by residents of Charleston and the low country of South Carolina, and also of Columbia, which are occupied by their families during the season. Many are owned also by residents of other States—Georgia and Florida.

Col. S. C. Boyleston of Jacksonville has a lovely place here. There are many Florida people here now. Among them I note Mrs. John Taylor at the Charles, Mrs. Pacetti of St. Augustine, Rev. Mr. Blackburn of Fernandina, and Capt. and Mrs. A. R. Elmore of Gainesville, and Mrs. Thos. W. Chesnut and daughter, Miss Ellen, also of that city. Mrs. Elmore has leased for the season the lovely Hane cottage, with beautiful grounds, a green, grassy lawn, well shaded with oak, chestnut, hickory and spruce pine, with a magnificent view of the surrounding mountains, and has opened it to summer boarders.

The principal article of food here is "chicken." Your correspondent saw a country wagon load of them—over two hundred—sold to one man this morning for nineteen cents each. Mountain beef and mutton, the best country butter and eggs and fine fruits and berries of every description, and milk in abundance, are daily offered at your door.

This is a "dry" county and "mountain dew" is consequently inaccessible nearer than Asheville. There are three mail trains each way daily and we get the Charleston, Columbia, Atlanta and Asheville dailies the same day of issue. It is delightfully cool here now and a blanket at night is quite comfortable.

I must not forget to congratulate Gainesville on having secured the University. She certainly deserves it, and we Floridians up here rejoice with you. It was a well-deserved tribute paid Major W. R. Thomas, Col. Bob McNamee and your other plenipotentiaries in the magnificent reception tendered them by your citizens on their return from the seat of war. More anon.

Yours truly,

GAINESVILLIAN.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Polk county will have an exhibit at the State Fair at Tampa.

Wauchula will have a new school building, as the board of trade has taken up the matter.

Fernandina expects soon to be the terminus of three railroads and have the harbor improved.

The recent rains are said to have greatly benefited the crops in the vicinity of St. Augustine.

St. Andrews, at the head of the Gulf, is entertaining many visitors from Georgia and Alabama.

Elberta peaches are very fine in the vicinity of Glen St. Mary. One measured 9¾ inches in circumference.

The two ice companies at Fort Pierce have combined and will have one mammoth concern and an electric lighting plant.

The new planing mill of the East Coast Lumber and Supply Company, near Orange City, will soon be in operation.

Orange buyers at Lake Buffum, Polk county, claim the price is established, and fruit on the trees is selling $1.07½ per box.

The shippers of fruit along the East Coast have to pay high rates for shipping to New York and they have made a vigorous kick.

Gaitau Marchetta, an Italian of Pensacola, has been locked up to keep him from murdering everybody he met. He is a raving maniac.

The farmers about Lake Bird are enjoying good crops. They cultivate the land, keep the weeds and grass down and nature does the rest.

A man named Washburn of Belleview, Marion county, was hooked by a cow Saturday, his skull being fractured and one eye badly injured.

J. B. Leaptrot, who as a juror in the Bradford murder trial at Jacksonville perjured himself, was found guilty and sentenced to the convict camp.

DeSoto county has appropriated two thousand dollars for exhibits at the Tampa Fair. Pasco has raised three hundred dollars for the same purpose.

Letters patent have been granted for the Bay Shore Land Company of St. Petersburg, with a capital of $50,000, to conduct a general real estate business.

Will Smith, a Jacksonville black man, raised a row at Dunnellon and shot five men at a negro dance. Three of them were hit hard. A reward is offered for his arrest.

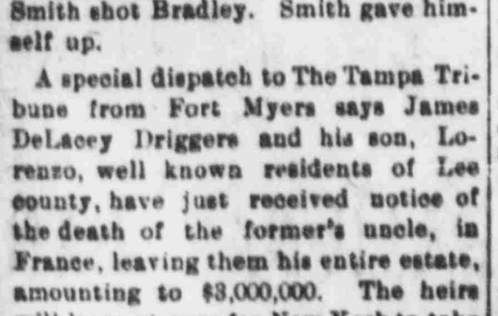
Crystal River is to have a new factory. The firm is S. H. Kelsey & Co., Mr. R. J. Knight being the company. The firm will manufacture hardwood, lumber, veneer, etc.—Ocala Banner.

Captain Smith of Flamingo, near Key West, shot and killed Guy Bradley one day last week. Bradley and Smith's son had trouble and the former attempted to kill him, when Capt. Smith shot Bradley. Smith gave himself up.

A special dispatch to The Tampa Tribune from Fort Myers says James DeLacey Driggers and his son, Lorenzo, well known residents of Lee county, have just received notice of the death of the former's uncle, in France, leaving them his entire estate, amounting to $3,000,000. The heirs will leave at once for New York to take steps to secure the legacy.

Cocoanuts are cheap in the city today. In addition to the regular sources of supply the British schooner, "Union," arrived two days ago and at the custom house entered as cargo about 1,000 cocoanuts, which are being disposed of to local dealers. The schooner comes up from Ruatan, Honduras, and will return with a cargo of dressed lumber.—Pensacola News.

"Talk about indignation," said a citizen of Marion county yesterday, "you will find it along the banks of the Ocklawaha river since the Waterman law protecting alligators on that river has been in force. There are farmers along that stream who swear that the alligators have gotten wise to the law and have gone on a rampage. They are charging that the 'gator family is devouring hogs and sheep, and that the next victims will be the cattle."—Times-Union.



The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

President Suspends Orders.

Washington, July 17.—Secretary of the Navy Bonaparte has revoked the orders recently issued for the transfer of Civil Engineers J. W. G. Walker and F. R. Harris, from the Charleston, S. C., navy yard to other stations. Soon after the orders were issued they were suspended at the president's direction and an investigation made into the matter of alleged differeces between the engineer officers ad the contractors for the dock now being built at that yard. Citizens of Charleston forwarded a petition requesting that officers be retained.

Fire Destroys Sumer Home.

Lenox, Miss., July 17.—Fire today destroyed the handsome summer residence here known as the Appleton house, owned by Anson Phelps Stokes of New York, and occupied by Eric B. Dahlgren, of New York. The fire started in the cellar from a cause thus far unknown. Most of the furniture and several valuable paintings were removed. The loss is placed at $100,000, with insurance of $75,000. All the members of the Dahlgren family escaped in safety.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

RACE RIOT IN NEW YORK.

25 Policemen Required to Restore Order—Many Injured.

New York, July 17.—"San Juan Hill," the district bounded by Amsterdam and West End avenues and Sixty-first and Sixty-third streets, so called because of its notoriety as a battle-ground, was the scene of a furious race riot which required 250 policemen to quell after many shots had been fired and several persons had been seriously injured.

The trouble began when a police man arrested Edward Connelly for attacking Henry Williams, a negro, and was pursued to the station house with his prisoner, by a mob of Connolly's friends, hurling showers of stones and other missiles. When the station house reserves turned out the whole neighborhood was in an uproar, and blacks and whites engaged in desperate struggles in the streets. Torrents of missiles were hurled from roofs and windows. Within 10 minutes not less than a thousand men, boys and women, black and white, were engaged in a furious combat. The small party of police were powerless and reinforcements were summoned.

In all, seven white and two negroes had their injuries attended to by the ambulance surgeons, but of others less seriously hurt were taken to their homes by friends.

Five whites and six negroes, among them women of both raes, almost all of whom bore traces of conflict with the police, were arrested.

A picked body o fthirty policemen was detailed to occupy the disturbed region during the night, and assist the police of the precinct.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

Four Killed by Falling House.

Winnipeg, Man., July 17.—A large four story building in course of erection here was blown down last night by a gale and in falling its western wall crashed into adjoining houses, killing four persons and injuring ten. The dead are: H. White, W. Sternhoff, two unknown women. Considerable damage was also done on the edge of the city.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles' Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the medicine until I was completely cured. I feel like a different person. In fact I have not felt so well for 20 years."

MRS. ALEXANDER WILSON,
2000 Egrace St., Richmond, Va.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

THE SPIRIT OF LIBERTY.

Of all those who have made a study of the corporation problem it seems to us that United States Judge Grosscup reaches nearest the ideal in his discussion of the subject, says The Wall Street Journal. The ideal is not the destruction of the corporation, because of the evils which have developed in connection with its organization and conduct, but its preservation on account of the immense economic efficiency of which it is capable, and at the same time its rescue from autocratic or oligarchical control, making it truly republican in spirit as in form.

The spirit of the American people at this time is not the spirit of revenge. It is not the spirit of hatred. It is not the spirit of the destroyer. It aims not at the overthrow of property or of the social order. It is the spirit of liberty.

Judge Grosscup in his address before the Ohio Bar Association this week puts the ideal clearly to the front. "What creates our problem," he says, "is that under present corporate policies the instinct of independent manhood finds no field for exercise." He declares that the wish for a career, for individual independence, for some share of the world's inheritance, this is a part of human nature. What is wanted is to "peopleize the ownership of the corporation," to use a phrase employed by Judge Grosscup. Such a consummation as this cannot well be brought about in an hour or a day, or even in a year, or by any one legislative act, but our whole energies as a people, and our whole policy as a government should be directed to bring this about.

The story of Miss Tarbell in the June issue of McClure's Magazine has broken the silence of the Rockefeller family. Believing that the elder Mr. Rockefeller, the father of the family, has been unjustly slandered by the assertions of Miss Tarbell, it is possible that suit may be instituted against the writer of the story to clear the name of the family. The story has been branded as a lie.

The crop report issued by the State Department of Agriculture shows a good average of field crops throughout the State. Cotton, upland, is 82; Sea Island cotton, 86; corn, 90; sugar cane, 88. Many other crops show an equally high per cent.

A Paris church which has been under contract for 1,600 years has just been completed. The separation of church and state only recently gave them a chance to let the contract to private parties.

The many good words spoken for Gainesville will offset all unkind remarks that are made by one or two small calibre papers that are more frenzied than Lawson's finance.

The Georgia Legislature wants all passes on railroads in that State cut off except to employes of the roads. Suppose the legislators think they will be all right then.

LOCAL PAPER FIRST.

Hearst's Chicago American of a recent issue contained the following editorial, which has created no little comment on the part of the press generally because of the fact that it shows a spirit of fairness which does not always characterize The American's editorials. It says:

"It would be a misfortune to the country if the few big papers in the big cities should interfere seriously with the publication of the valuable and intelligent local newspapers—for upon these local newspapers the welfare of the country very largely depends. The metropolitan daily cannot possibly know the needs of the various localities and small cities. Only the local newspapers can protect local needs and influence local opinion. Of course we are very glad to have as many people as possible read The Chicago American in the big cities and the little cities. But we hope that in every small town and every village there will be enough intelligence and public spirit on the part of the local inhabitants to support earnestly and enthusiastically the best local newspaper, giving encouraging approbation and a good living to the local editor, who alone can represent and defend justice and public spirit among his neighbors. The man is unfortunate who cannot afford to take two newspapers at today's prices. He who can afford only one newspaper, in our opinion, should display his sense of duty to his locality by taking the local newspaper."

STATE UNIVERSITY.

The following comments are taken from the State papers, regarding Gainesvile and the University, and we feel deeply indebted for the kind words spoken:

Everybody help the University of Florida. Gainesville is to be congratulated on securing the location.—The Leesburg Commercial.

Now that the site of the State University has been fixed, the whole State should work to make the institution a success.—Madison Recorder.

The people of the State are to be congratulated, even more so than the citizens of Gainesville, upon the location of the new University.—Palatka Times-Herald.

The feeling is almost universal that the joint board did the best thing possible, and that each member acted and voted strictly in accordance with his conscientious convictions.—Tallahassee True Democrat.

Gainesville has secured the State University. We are not kicking because it was not located at Crystal River, for Gainesville is a good, healthy, wide-awake town, and The News offers congratulations.—The Crystal River News.

By a vote of 6 to 4 the Board of Control and the State Board of Education decided to locate the State University at Gainesville at their meeting last Thursday. We congratulate Gainesville on its being the winner—it was our choice from the start.—Palm Beach News.

Prof. Andrew Sledd, who was elected to the presidency of the State University, has been in charge of the present State University. He is a son-in-law of Bishop Warren A. Candler, of the Southern Methodist Church, and rated as one of the ablest educators who ever came to Florida.—Wauchula Advocate.

The Florida Board of Control met Thursday in joint session with the Board of Education and located the new University at Gainesville by a vote of six to four. This places the University in one of the most attractive towns in the State and meets the wishes of four-fifths of the people of Florida.—Macclenny Standard.

The Florida Board of Control met Thursday in joint session with the Board of Education and located the new University at Gainesville by a vote of six to four. This places the University in one of the most attractive towns in the State and meets the approval of four-fifths of the people of Florida.—Dunnellon Advocate.

Now that Gainesville has been selected as the location for the State University, let all bickering be stopped and all pull together to give Florida an institution of learning that will be a credit to one of the greatest States in the Union. It should rank with those of Virginia, Pennsylvania, Michigan and other States. Cut out the politics and the graft and give us a hall of learning that will be of some practical use.—Fort Pierce News.

The growth of weeds in some parts of this city is simply marvelous. Many vacant lots would present a better appearance if the owners would invest a little money in having the crops harvested.

The demand for building material in the State will continue for some time, as there is plenty of places to sell lumber at home without shipping.

When the peace envoys left Tokio they were cheered. When the Russian envoys left no one knows. They got out quietly to avoid the bombs.

At last they have found something to astound the people of Coney Island. Several were shocked by lightning a few days ago.

The smaller the country the more revolutions they can make in a given time. Norway will be an illustration.

There is trouble brewing among the Sioux Indians. It is said they are buying automobiles.

Paderewski has his hands insured. Suppose he would have a four-flush a sure winner.

An ice factory advertisement: "Fresh ice every day. No stale stock on hand."

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

DEATH DANCES.

They Form a Part of the Tibetan Mystery Plays.

The death dances of the Tibetan mystery plays, one of which is performed on the last three days of the year, are called "the ceremony of the sacrificial body of the dead year." The effigy of a man made out of dough as lifelike as possible and having inside a distinct heart and all the entrails filled with a red fluid is placed by four cemetery ghouls in sight of the numerous spectators in the center of the yard, and at once bands of skeleton ghosts rush upon the corpse to attack it. This is the time to display the necromantic power of lamaism over the evil spirits. Monks and lamas come forth and go through a series of ceremonies, the magic effect of which keeps the fiends away. But a more formidable devil, with great horns and possessed of superior powers, makes his appearance and takes the field, whereupon a saint of an incarnation of Buddha himself goes to the rescue, sprays flour on the enemy, makes mystic signs and utters incantations. The skeleton ghosts and the big fiend grovel before him and implore mercy. He graciously yields to their supplications and allows them to partake of a sacramental meal. While they kneel before him he gives to each one of them a little flour to eat and a drink out of a vessel of holy water.

SMART FOXES.

"Spelled" Each Other and Fooled a Pack of Hounds.

I have a near neighbor who is a close and intelligent observer of the ways of wild animals and a truthful and reliable man. He says that on one occasion he witnessed a fox chase in Maryland, standing on one side of a very high hill, while the dogs and fox were across a deep gulch about half way up the side of another high hill, for a good deal of the time in plain view.

As the chase proceeded he noticed a second fox seated on a log and apparently interested in the outcome. After some time, as the dogs were heard approaching, this fox ran down at right angles to the direction they were coming and met the running fox and took his place ahead of the hounds, while the tired animal sprang to one side and trotted directly up the hill and seated himself on the log for a rest.

The fresh substitute then led the dogs a lively chase for a long circuit and finally the pack again were heard approaching. This time Fox No. 1 was fresh and ready and ran down and met his fatigued brother and put himself before the dogs, while No. 2 went back to the log and took a breathing spell. This proceeding was kept up for probably two hours.—New York Times.

PAUL'S WALK.

A Favorite Promenade In the Old Days In London.

In the old days, especially during the reigns of James I. and Charles I., the nave of St. Paul's cathedral was popularly known as "Paul's walk," because it was the favorite promenade of wits, gallants and fashionable idlers, who met there to gather or retail the latest news.

The nave and body of a cathedral or church were then regarded as much less sacred than the chancel, and this explains, if it does not excuse, the fact that they were often given over to all kinds of profane and secular uses.

At St. Paul's there were stalls and bazaars with crowds of busy buyers and sellers, giving it the appearance of a fair. Usurers occupied the south aisle and horse dealers the north, making it, as Evelyn called it, "a stable of horses and a den of thieves." Shakespeare makes Falstaff buy a horse at St. Paul's as he would at Smithfield.

Courts of justice were held and funeral banquets and churchwarden's feasts were celebrated there, and, according to Stubbs, traces of these usages lingered on into the middle of the seventeenth century.—London Globe.

Schools of Mullet.

Mullet, the food fish which the larger portion of the game fish live upon and which they follow about, are found in enormous schools in the ocean. A small section—say 25,000 or 50,000—will find their way in the lake looking for food, and a corresponding section of the attendant school of bluefish will follow them. When these fish once get in the gill nets trollers can make no appreciable impression upon them, no matter how hard they fish, and this small detachment is not 1 per cent of the school from which it strayed.—Florida Times-Union.

He Was.

Servant Maid (in breathless excitement)—Professor, there's a burglar in the dining room! Professor (deeply absorbed, without looking up)—Tell him I'm engaged.

Made a Difference.

Young Actor—How do you like my Hamlet? Old Stager—Oh, it was your Hamlet, was it? I thought I did not recognize it as Shakespeare's.

Origin of the Four Post Bedstead.

In mediaeval times, when life was very insecure, it was usual for people to sleep on a bed which was surrounded by sides of boards with strong posts at the four corners. These sides contained sliding doors, which could be fastened inside. When men retired to rest they took a weapon with them. If attacked in the night they were aroused by the noise made by the crashing in of their wooden defenses and were able to defend themselves. When the law became strong enough to protect human life the sides of the bedstead were gradually dispensed with, but the four posts remained. The boxlike bedstead still survives in the rural parts of Scotland and is almost necessary where the earthen floors and imperfect ceilings cause much damp. Emily Bronte in "Wuthering Heights" describes one of these bedsteads in the old mansion as forming a "little closet." Mr. Lockwood, who had to sleep in it, says, "I slid back the panel sides, got in with my light, pulled them together again and felt secure."

Nerve of a Wounded Soldier.

One day an army surgeon was dressing the wound of a soldier who had been shot in the neck near the carotid artery. Suddenly the blood vessel gave way, and just as quickly the surgeon thrust his finger into the hole to stop the flow.

"Doctor," said the soldier, "what does that mean?"

"It means death," said the surgeon calmly.

"How long can I live?" asked the soldier, whose mind was perfectly clear.

"Until I remove my finger," said the doctor.

The soldier asked for pen and paper, wrote his will and an affectionate letter to his wife, and when the last thing was done said quietly:

"Let it go."

The surgeon withdrew his finger, the blood rushed out, and in a few moments the man was dead.—Cleveland Plain Dealer.

A Whale's Spouting.

The whale does not discharge water, but only its breath. This, however, in rushing up into the air hot from the animal's body has the moisture condensed to form a sort of rain, and the colder the air, just as in the case of our own breath, the more marked the result. When the spout is made with the blowhole clear above the surface of the water it appears like a sudden jet of steam from a boiler. When effected, as it sometimes is, before the blowhole reaches the surface, a low fountain as from a street fire plug is formed, and when the hole is close to the surface at the moment a little water is sent up with the tail jet of steam. The cloud blown up does not disappear at once, but hangs a little while and is often seen to drift a short distance with the wind.

The Game of Checkers.

The game of checkers, whether we call it checkers or draughts, is ancient and almost universal. The Chinese have a form of it which they call "the game of circumvention." It was known to the Egyptians, the Greeks and the Romans, and, what is stranger still, antiquarians find it to be one of the amusements of the aborigines of New Zealand, a people who were apparently cut off from all continental associations and influences for thousands of years. So the pedigree of the game is as long as that of chess, and indeed there have been skillful players of both games who regarded checkers as the better of the two.—Youth's Companion.

Christmas In Constantinople.

In Constantinople three Christmas celebrations, two New Year's days and two other holy days follow each other in quick succession. As the "old style" calendar brings Dec. 25 two weeks after the same day "new style," two Christmases, the first Latin and the second Greek, are inevitable. And as stormy weather kept a delegation of Armenians from attending an ecumenical council at Chalcedon in 451, at which council the date of Christmas was changed from Jan. 6 to Dec. 25, the Armenians have ever since kept their old day.

A Genial Smile.

Above all things smile! Smile though you cannot see any cause for smiling. Smile though a burden of sorrow seems crushing you to the earth. Smile though grief tugs at your heartstrings. If your days are gray and your tasks humdrum, smile. Smile until you awaken that joy center which lives at the core of you. And after you have once awakened it keep on stimulating it daily with your persistent practice of joy.

Indigestion,

With its companions, heartburn flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

AN AID TO HEARING.

Opera Glasses Help the Ears as Well as the Eyes.

"Hurry them along, please," said the woman customer as she left a pair of opera glasses for repairs at a Chestnut street store. "I can't hear well at the theater without them."

Another customer who was waiting smiled when the woman left at her apparent mistake. "She meant she could not see," he observed.

"No," rejoined the optician; "she meant just what she said. Opera glasses are an aid to hearing as well as to sight. You can prove it any time you are seated well toward the rear in a theater by training the glasses on a singer. As long as you keep the singer under scrutiny with the glasses you will be able to follow the words of the song with ease. Drop the glasses and you will notice a difference. It will require more or less of a strain to catch the enunciation distinctly.

"By the use of opera glasses a theater patron is enabled to note distinctly every movement of a singer's lips, and the unconscious 'lip reading' greatly aids the sense of hearing. If you ever attend a public meeting where it is impossible to get close to the speakers provide yourself with opera glasses, and you will be surprised how greatly they will aid you in hearing."—Philadelphia Record.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

His Preference.

"It is a positive delight to meet a man you feel you can trust," remarked the individual with the high forehead.

"Oh, I don't know. I prefer a man who pays cash," replied the man who kept the grocery store.

A Rare Name.

"What is the rarest name I ever saw on a hotel register?" said a veteran clerk, repeating a query put to him. "Amelia Turnipseed, and that was years ago in Boston."—New York Tribune.

MANY NEW BILLS INTRODUCED.

General Appropriation Bill For 1906 and 1907 Is Reported.

Atlanta, July 17.—State prohibition, the right of trial by jury, preservation of the Georgia battle flags, compulsory education, appointment of judges by the governor, the removal of the state agricultural college to the government experiment station and reformatories for delinquent children, are among the interesting subjects of proposed legislation which appeared before the house Friday.

The compulsory education of children in Georgia is the object of a bill introduced by Mr. Shultz, of Lumpkin. This bill proposes to require the examination of children of school age in each school district at specified periods, and if they do not come up to the required standards of a common school education, proportionate to their age, the parents or guardians of such children will be subject to a fine of $50.

The general appropriations bill for 1906 and 1907 was introduced in the house by Hon. W. H. Davis, of Burke, chairman of the committeeo n general appropriations, to which committee the measure was referred.

The committee will take the bill up at its next meeting on Tuesday, and proposes to have it in shape to be reported back to the house within a week or ten days. No special appropriation bill wil be considered by the committee until the general bill has been disposed of. The general appropriations will as introduced provides for total appropriations of $4,108,298 for each of the years 1906 and 1907.

WOMAN DEFIED THE OFFICERS.

Refused to Leave Her Home After the Court Condemned It.

Memphis, July 17.—With a revolver in either hand and two other revolvers in easy reach, Mrs. Annie Mogridge, proprietress of a grocery store in South Memphis, for two hours held at bay a posse of officers who sought to eject her from her home, which had been condemned by one of the railroad lines of the city under the right of eminent domain.

Five years ago the property of Mrs. Mogridge was condemned by the railroad company and its value awarded as damages. The condemnation was affirmed by the supreme court, but Mrs. Mogridge has kept the issue before the courts since that time, and a final award in favor of the railroad was handed down only two weeks ago.

When the officers undertook to dispossess Mrs. Mogridge, she defied them and vowed that she would not surrender as long as she lived. Deputy Sheriff Ernest Miller succeeded in catching the lady off her guard and seized her. A scuffle ensued in which one of the revolvers was discharged.

With the defender of the house under arrest a large force of workmen quickly moved the stock of goods from the grocery store and piled it upon the sidewalk. The building was then dragged from the lot by means of a switch engine and a heavy cable.

The Boss Worm Medicine.

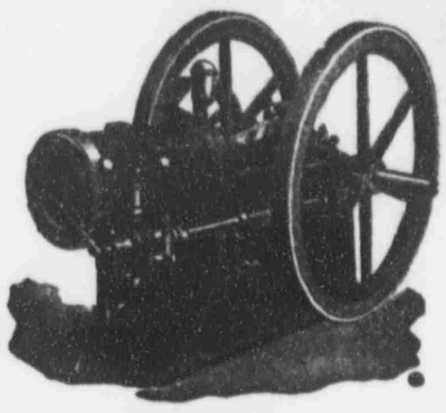
H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

Killed Self Over Divorce Case.

New York, July 17.—Louis Apagar, 55 years old, married and a grandfather, killed himself in Jersey City today by shooting as a result of sensational disclosures which terminated yesterday in the granting of a divorce to George M. Meyers against Clara E. Meyers. Apagar was named as the co-respondent. The suit had been on trial 30 days and had attracted wide attention. Apagar was well to do and resided with his wife and lived on one of the best residential streets in Jersey City.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance racer of Germany and [illegible] Oct. 27, 1901: "During my course of eight weeks' foot [illegible] Lake City, in April last, I used Snow Liniment to my [illegible] action. Therefore, I [illegible] Snow Liniment to [illegible] troubled with sprains, [illegible]." 25c, 50c and $1. W. M. Johnson.



Kerosene Engine.

Absolutely the safest and most economical power now on the market. All sizes—1½ to 20 horse power. Write for prices.

This engine is not a "Jack at all trades" with dynamos or batteries and sundry triggers to keep you "puzzled," but it IS a "Cracker Jack" to do your work, and no mistake. Sold under full guarantee or your money back. Simplicity itself.

"MASHER" GETS SIX MONTHS.

Attempts a Street Flirtation and Gets a Term in Prison.

New York, July 17.—A six months' sentence to prison for a passing street flirtation with a married woman was imposed on Benjamin F. Smith, who came here from St. Louis, by Magistrate Steinert today.

Late last evening Mrs. Grace M. Gamble, who is handsome and dresses stylishly, was waiting for her husband, a Brooklyn business man, at Madison avenue and Forty-second street subway entrance. Smith was passing and spoke to her. Mrs. Gamble resented this, struck Smith in the face and caused his arrest.

In court today, although Mrs. Gamble herself requested leniency to the prisoner, the magistrate imposed sentence and at the same time invited other women who suffered from "the mashers" to act as did Mrs. Gamble.

To Prosecute New York Editor.

New York, July 17.—Three prominent society persons have informed the district attorney's office that if their services are required they will appear as complainants against Charles Eahle of the Society Editors' association, who yesterday was held in $3,000 bail for the grand jury for attempted blackmail lodged against him by Edwin M. Post a member of the New York Stock exchange. This announcement was made today by assistant district attorney Paul Krotel, who has been assigned by District Attorney Jerome to prosecute Ahle on Post's complaint.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Anti-Trust Law Valid.

Little Rock, Ark., July 17.—The Arkansas anti-trust law was declared valid by the supreme court of the state today, two justices dissenting from the opinion. It is agreed that the effect of the decision will be to shut out from the state all old line insurance companies that maintain a rating agreement, and any trust products sold in the state will be in violation of its terms. The case was carried to the supreme court by the Connecticut Life Insurance company.

Miss Roosevelt Left Ashore.

Honolulu, July 17.—Returning from Waikiki, Miss Roosevelt, Mrs. DuBois, Senator Newlands and Congressman Longworth who were guests of Sheriff Brown, were too late for the steamer Manchuria, which had already left the wharf. They were taken out on a tug which was carrying a large number of citizens to bid the party farewell and were transferred to a launch in the open sea and then carried to the Manchuria.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pitteburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

BEAU BRUMMEL.

Some Incidents In the Life of This Noted English Fop.

An English paper prints a number of stories of Beau Brummel, some of which perhaps are not generally known. At the Pavilion, at Brighton, he ordered the footman to empty his snuffbox into the fire because a bishop had taken a pinch unasked. A man whom he had met at dinner offered him a lift in his carriage to Lady Jersey's ball. "Thank you exceedingly," said the Beau, "but how are you to go? You would not like to get up behind, and I cannot be seen in the same carriage with you." He made no secret of his humble birth and when asked about his parents declared that "the poor old creatures both cut their throats years ago eating peas with a knife." Once at least Brummel met his match. He was playing hazard at Brooks', when a well known alderman, a brewer, was one of the party. "Come, Mashtub," said Brummel, who was the caster, "what's your set?" "Twenty-five guineas," was the reply. "Well, then, have at the mayor's pony," said Brummel, who proceeded to cast, and by a run of luck won the stake twelve times in succession. Pocketing the money, he thanked the brewer and promised that in future he would drink no one's porter but his. "I wish, sir," replied the brewer, "that every other blackguard in London would tell me the same."

And Then There Was Trouble.

"They said all sorts of unkind things about you."

"Such as what?"

"Well, they said that you married for money."

"But you didn't believe it, did you?"

"Not until I saw your husband."

After that there came an estrangement between the two dear friends.

Mortal Man.

It was perhaps ordained by Providence to hinder us from tyrannising over one another that no individual should be of so much importance as to cause by his retirement or death any chasm in the world.—Johnson.

Some French Diamonds.

The French furnish us with some well cut diamonds: "Patience is the art of hoping," Vauvenargues; "Truth is the skeleton of appearances," De Musset; "All bow to virtue—and then walk away," Dumas.

We are as often duped by diffidence as by confidence.—Chesterfield.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

Phifer Brothers,

Phifer's Corner, Gainesville, Fla.

Charles B. Ost of Jacksonville has been in this city for the past two days in the interest of the United Grocery Company, for whom he is the special representative. Mr. Ost was at one time a resident of Gainesville, having been the manager of the Plaza Hotel when it was in its glory and was at that time one of the best hostelries in the State. He has many friends here who were glad at the opportunity to meet him again.

Friends of Mrs. James Chesnut of Alachua, who has been quite ill at White Springs, where she went for her health, will be glad to learn that her condition is greatly improved, and that ere long the probabilities are she will regain her normal health. Her daughter, Mrs. Scriven Dozier, of Jacksonville, is still with her, but Mrs. B. F. Jordan of this city, has returned, as her condition was considered entirely out of danger.

R. M. Locke and son, Edwin, of Alachua were among the visitors to this city Sunday. Mr. Locke has been for the past two or three years relief agent of the Atlantic Coast Line, but recently resigned and bought out the livery interests of E. Stringfellow at Alachua. He has a great deal of confidence in that progressive town, which he believes will be the second city of importance in Alachua county. Mr. Locke is a clever fellow, a conservative business man, and will no doubt prosper in his new avocation, which is the wish of his friends.

Aunt Caroline Davis, one of the oldest colored residents of this city, died Sunday. She was a faithful servant in the Stringfellow family for years, and was highly esteemed by both white and colored people. Aunt Caroline was eighty-five years old and leaves two sons to mourn her death, Lawrence Davis, the colored baker of this city, and another son who resides in Tampa. She was one of the few members of her race who were here in ante bellum days, and her passing to the Great Beyond reminds us forcibly of the fact that the "good old darkies" are fast leaving us, never to return. She deserved a good reward and there is no doubt but that she found it in the skies above.
